the p tag defines a paragraph. Browsers automatically add a single blank line before and after each p element.

---

the br tag inserts a single line break. The  
tag is useful for writing addresses or poems. The  
tag is an empty tag which means that it has no end tag

The blockquote tag specifies a section that is quoted from another source. Browsers usually indent blockquote elements.

This is preformatted text. It preserves spaces and line breaks.
